Update: June 28, 2022

A long day, through woods and open countryside under blue skies.

After a look around the Labastide-Murat with its quaint town hall, we set off under blue skies through the woods. We stopped off for lunch at a renovated chapel with an interesting mural, and set off through open countryside before returning to woods and streams, with more of the eery mossy covered trees that we had seen earlier on our way. It was a long day, and we took advantage of a thoughtfully provided shelter for afternoon snack. We finally arrived fairly late at the hostel, to find that most of the beds were taken, and there were only two top bunk beds left for us!
